"The differentiation of heaven into two kingdoms, one called the heavenly kingdom and the other the spiritual kingdom, has been presented in its proper chapter above. The heavenly kingdom in general corresponds to the heart and to all the extensions of the heart throughout the body. The spiritual kingdom corresponds to the lungs and to all their extension throughout the body. Further, the heart and the lungs form two kingdoms in us, the heart governing through the arteries and veins and the lungs through the nerve and motor fibres, each involved in every effort and action." —Heaven and Hell 95

..... there are three levels of heaven and three levels of hell, and they're purposely designed with a careful balance so that the highest level of heaven corresponds with and balances the lowest level of hell and so forth. This equilibrium in the spiritual world is essential to human consciousness and the balance of good and evil in the physical world

Retreat with David Miller

A beautiful country setting was the backdrop to our doctrinal retreat with David. We all shared ideas on our experiences with Logo Praxis and reading from the Word.

Delicious meals and comfortable ,warm lodgings were enjoyed. Thank you to all who organised and made the retreat possible.

We hope there will be more to come 😊

Visit of Peter and Teresa Buss

A very useful and fulfilling time was spent with friends and families during their visit, including several classes and Holy Supper. Thank you so much for visiting us and getting to know us. We are extremely grateful !

Based on the Holy Bible, **The New Church** gains further inspiration and understanding through the Heavenly Doctrines revealed by the Lord and published by 18th century scientist and theologian **Emanuel Swedenborg**. In the 35 volumes of this new Revelation we see the Lord's plan for a rebirth of Christianity, a clear vision of God in His own Word, and what that means in our lives. See www.newchurch.org
